

MOM INSPIRED. HOSPITAL TRUSTED.

Hospital-Grade Breast Pumps

Our Ameda Platinum™ and Elite™ breast pumps deliver the perfect combination of advanced technology and the time-proven benefits of the original SMB™ breast pump.

Amēda PLATINUM™ Breast Pump

Increased Cycle Range

30-80 cpm to express the most milk in the least time.

Message Display

Indicates service is required or Pumpset is not properly attached.

Improved Suction Control

30-250 mmHg shown in levels of 1-100% suction for mother-friendly operation. VacuSense™ Technology offers consistent vacuum for single and double pumping at varying altitudes.

Easy-to-Read LCD Screens

Makes it simple for mothers to find and return to their optimal settings. Large, well-lit screens can be clearly read in low light.

Timer

Makes it easier for mothers to follow pumping protocols. Automatic shut-off after 60 minutes.

Attaches to Ameda Trolley

Offers safe, secure transport in clinical settings.

Rotating Internal Piston

The piston design preferred by lactation professionals for its smooth feel, comfort and durability.

Built-in Dual Bottle Holders

Fit most standard-sized bottles upright and support flange rims when smaller containers or milk bags are used.

Integrated Handle

For easy lifting.

Independent Speed and Suction Controls

Allows multi-phase pumping and customized settings.

Soft Touch Control Panel

Designed for easy cleaning and intuitive operation.

Ameda Elite™

Breast Pump

Built-in Dual Bottle Holders

Fit most standard-sized bottles upright and support flange rims when smaller containers or milk bags are used.

Dual Adjustability

Separate dials for customization. Vacuum adjustable to 30-250 mmHg for mother-friendly operation. All cycle settings (30-60 cpm) effectively express milk.

Lightweight & Portable

Only 2.9 kg, easy to transport.

Attaches to Ameda Trolley

Offers safe, secure transport in clinical settings.

Ameda Trolley

- Convenient and mobile
- Fits all Ameda hospital-grade breast pumps
- Mounting kit ensures safe transport of breast pump between rooms
